Professional Profile

Passionate about web development with a strong focus on Front End. I am a self-taught developer who complemented academic foundations with real projects and online courses. I'm looking for my first opportunity in tech. I specialize in building modern, accessible, and responsive interfaces using React, Tailwind, Vite, and Figma.

Technical Skills

- HTML5, CSS3, JavaScript ES6+
- React.js, Tailwind CSS, Bootstrap
- Vite, Git & GitHub, Figma (UI/UX), Vercel
- Responsive Design, Mobile First, Component-based Architecture

Soft Skills

- Critical thinking and problem-solving
- Self-motivation, continuous learning, and teamwork
- Clear communication and attention to detail

Highlighted Projects

• Personal Portfolio – Responsive grid layout, Mobile First, HTML, CSS, JS
• To Do List App – Lightweight SPA with React, Tailwind, and Vite
• PokéAPI App – Dynamic app using API calls, state management, deployed on Vercel
• Dashboard-style Landing Page – Modular SaaS-style structure with Figma-based design
• Custom 404 Page – Enhanced UX through creative design
